

Dearest Friends of Life,

Do you agree that every person should have the right to Life, Liberty and the Pursuit of Happiness?

In Justice Blackmun's statement of Roe v. Wade, he that said that if the fetus could ever be proved to be a person, the decision would collapse. Now with increased technology and ultra sound, we know that personhood begins at the moment of a baby's biological development, the moment of conception. Over 50% of Americans are now pro-life, the youngest generation is the *most* pro-life!

Just as the wicked Dred Scot decision ruled that African Americans were non-persons and could be property, so Roe v. Wade has declared that the pre-born are non-persons and are considered property. As Dred Scott was never "overturned" but amended, that is what we are seeking to do: repent from the wicked decision of a Supreme Court decision that brought death on our whole nation and amend our way, state by state, appealing to the people's hearts to simply establish the personhood of the pre-born, the disabled and the elderly to protect their right to life, liberty and property by love and by law. Their right to life, their personhood is self-evident and is inalienable.

PersonhoodFL, is a people's initiative to amend the Constitution of Florida, (just like the recently passed Marriage Amendment) and is refreshingly non-partisan. Our goal is to gather 676,811 valid petition signatures from registered Floridian voters during 2014 - 2015 to enable Florida voters the right to vote in the General Election of 2016 for the Personhood Amendment so that all Floridians are protected from the moment of biological beginning to natural death.

You may go to our site: PersonhoodFL.com, to see who is endorsing us (and this number is steadily growing!) View our resource page on this web site and read a letter to pastors from my pastor, Pastor Jeff Steffel of Grace Family Church, Port Saint Lucie. We also have posted a legal memo from Alliance Defense Fund, a check list of what churches can do to help and the petition in English and Spanish. Also available is an FAQ of the Personhood initiative and a bulletin insert for churches.

Our Florida state constitution requires something of us:

*"We, the people of the State of Florida, being grateful to Almighty God for our constitutional liberty, in order to secure its benefits.....do ordain and establish this constitution.....All natural persons, female and male alike, are equal before the law and have inalienable rights, among which are **the right to enjoy and defend life....**"*

If you believe that every person should have the right to life, liberty and the pursuit of happiness, join us today. Mail in your petition to the address on the petition, add a few dollars to cover the costs and help others do the same!
